The House.

Washington, Dec. 16. In the House today Mr. Cannon (Rep., III) asked unanimous consent for cousideration of the bill appropriating \$175,000 for the purchase of subsistence afteres for the relief of the miners in the Yukon river district and for their transportation and distribution.

Mr. Sayers (Dem., Tex.), the leading minority member of the committee, testified to the urgent necessity for the passage of this bill owing to the absolute impossibility of private parties getting food supplies into the district.

Mr. Simpace (Pop., Kan) reserved the right to object and the propriety of the bill was discussed with this reservation. Washington, Dec. 16. Mr. Hanna (Ohio), after an iliness of a week, ap-peared in the Senate today and was cormerce, favorably reported and the Senate passed a bill directing the Secretary of

the Treasury to purchase or construct a suitable vessel for revenue cutter ser-vice on the Yukon river, Alaska, the cost ion.

The food supply on the upper Yukon, in his opinion, would not last be vond Maich and he endorsed the resolution of the Secretary of Warthat food be sent in by reindeer via Diea.

Mr. Cannon said: "Whether these miners were is American or British subjects, if they were starving, it did not become the American Congress to hesitate about voting them relief."

Aster this statement unanimous consent was given for the consideration of the bill.

Mr. Builey said he had never been able to be casritable out of the public funds. He believed charity ought to be voluntary and he had never voted for relief funds to those stricken by fire and flood, but he real 2 d that distress appealed to the hearts of all and he would not protest against a bill designed to relieve that distress.

But, he did protest against the government setting up storehouses and becoming a vender of provisions. If this was to be done, the government should give the relief freely without hops or expectation of getting back a single dollar, lie thought the provision in the bill for those wno were able to buy should be stricken from the bill.

Landon, Dec. 16. According to the St. James Gazette, private letters received here from Madrid say that Gen. Wester's reception there was most significant and that the government is so alarmed by the menacing artitude of the populace that artillery has been stationed at concealed points commanding the main thoroughfares. The gamers, however, cannot be relied upon.

The wildest rumors are current, say the 1 trers in question, and there are reports that preparations are making for the flight of the members of the royal family to France at the first sign of revolution.

ofter a narrow escape from being wrecked on the treacherous ledges at Baker's Island off Salem, during a thick fog vesternay afternoon. Fortunately the tosel struck the ledge half an hour before high water, and was combled to first off unassisted when the tide half reached its height.

The Michigan was sighted in her dangreous position by a muuber of fishermen who after giving her the course to Boston light put in to Marbichead indisent word to this city last night, but failed to give the steamer's name. When the stramer reached her berth this morning, number six's hold was nearly full of water, showing that the damage to the vessel's bottom is well aft. The engo will be dischaged today and tomorrow morning the Michigan will be dischaged at East Baston.

had little need to use magic, native shrewforess erved his turn. Once upon a time a woman came to a poor but honest pawnbroker and horrowed 500 plastors upon a head ornament—this story also is 1 dane a The pawnbroker did not take her name or address When he examined the article, it proved to be gilt brass. He ran waiting to the agha who pitted bim but there was no clew to the identity of the woman. It was a pretty puzzle—the most experient d and ingenious of our magistrates would have given it up. But the agha said. Go home, take all thy property away and lock thy shop. To morrow be there early and when thou hast opened thy shop, try 'Alas for my property! Then take in thy hands two clods and boat thyself with them, and erv, Alas, for the property of others! and who ever anys to the. What is the matter the do thou answer. A plottge that I had from a woman is lost. If it were my own, I should not so much kament it, and so on. The pawnbroker did se he was told the presently the woman heard of this and came on a donkey demanding be rornal ment. Unable to get it she applied to the agha for a summons, as we say. CELERY

Bulletin of the Maine Agricultura Experiment Station It is only recently that our farmers

and gardeners have begun growing celory. There are few who are growing it commercially although the crop is one which can well be grown by every farmer and may, in many instances prove a profitable addition to the market garden Professor Munson, of the Maine Agricultural Experiment Station, has written a builetin on the culture of his plant commencing with the sel ; tion and preparation of the soil, the kinds and amounts of fertile is to be used, how to start and grow the plants from the seed and their cultu e in the field and ending with directions for handling, blanching and storing the roop for winter use. Those who have ported in the South II ron school d grown the crop will read what Professor Munson has to say with a good deal of interest, while any one intending to grow celery for the first time will be helped to right culture methods This bulletin (No 40) will be sent to

That Common Trouble Acid Dyspepsia, or Sour Stomach

Now Recognized as a Cause of Series:

Acid dyspepsia.commonly called heart-irn or sour stomach, is a form of indireation resulting from ferm gration resulting from fermantation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, inling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes abronic and being an every day occurrence is given but little attention. Because descends to not immediately faccause dyspepsia is not immediately fatal, many people do nothing for the trouble. Within a recent period a remedy has within a recent period a remeaty has been discovered prepared solely to cure dvspepsia and stomach troubles. It is known as Staart's Dyspepsia Tablets and is now becoming rapidly used and pre-scribed as a radical cure for every form

of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Co., Marshall, Mich. and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not thurst the most delicate stomach, but on the contrary by giving perfect digestion, at rengthens the stomach, improves the appetite and make life worth living Send for free book on Stomach Diseases by addressing Stuart Co., Marshall, Mich.

Passamaquoddy Tribe The report of Charles A. Rolfe, agent of Passamsquoddy tribe of Indiaus, shows that he expended \$8,941, leaving a balance of \$32 of his appropriation unexpended. The tribe numbers 475 men bers, two less than last year, there hav ing been 18 deaths and 16 births; seven of the ledians have consumption. The agent finds it extremely difficult to keer within limit of the poor fund. Owing to a poor season for farming the amount of crops has been reduced. There were reised 1,233 bushels of potatoes, 53 of beets, 170 of turnips, 85 of beans and peas, 311 of oats and 60 of buckwheat Mr. Rolfs tells of purchasing additions and for a cemetery and of how the Indians level it down. One hundred and nine scholars are registered in the echoale.
